# Orphan Support Program

**School Visit:** OSP Social organizers across the nine clusters in Kenya, Somalia, Uganda and Tanzania continued with the regular home and school visits to sponsored orphans.

The visit was also aimed at checking on the orphans' progress in the school.

## Scholastic materials, school uniforms and shoes

**distribution:** One of OSP's main objective is improving education performance of the sponsored students. During the month field officers in Somalia distributed scholastic materials which comprised of stationery, school bags, revision and story books. They also distributed school uniforms and shoes to HHRD sponsored students in Kismayo and Mogadishu.

## Annual Review and Planning Meeting

HHRD Africa held its 9th Annual Review 2020 and Planning 2021 Meeting. The virtual meeting held at the Regional Office had staff members from Kenya, Somalia, Uganda and Tanzania presenting their achievements, value additions and plans for the year 2021.

The meeting was also graced by BoD Secretary General Mr. Ayub Khalid, and management members from HHRD USA.

## In-Kind Gifts Program

In-Kind Gifts team in Kenya headed by BoD member Prof. Mohammed Karama and Senior Program Officer Mr. Yunus Yussuf distributed Medical Equipment and Supplies to Kajiado County Referral Hospital in Kenya. The donation will supplement and Enhance provision of quality, affordable, accessible and sustainable Healthcare services in Kajiado county. The items will serve over 167,000 people.

In-Kind Gifts team in Somalia distributed a container of Medical Equipment and Supplies to Ceelgaab Health center in Mogadishu where more than 50,000 people will benefit.

The team also distributed food and non-food items to 13,500 individuals in Cibaado IDP camp, Mogadishu.

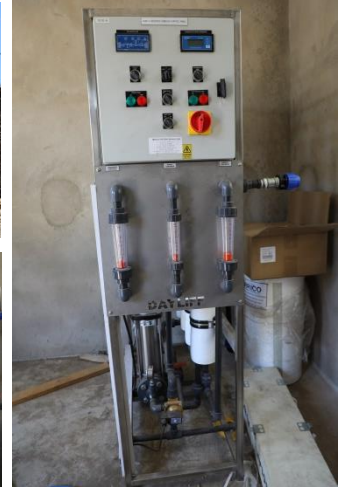

# Water for Life Program

Water for Life's (WFL) mission is to help communities in need to provide safe and sustainable water sources. By combining formal instruction with hands-on training, we teach people how to maintain their own local water resources. Our focus is not merely to provide safe drinking to those in need; our goal is to help people gain the knowledge and experience they need to support themselves and their communities

Africa Regional Director, Mr. Musa Ibrahim and WFL Senior Program Officer Mr. Yunus Yussuf made a monitoring visit to HHRD's solar panel water purification plant in Ngomeni, Kilifi-Kenya. The project involves process of removing undesirable chemicals, biological contaminants, suspended solids, and gases from water. Its aimed at removing unwanted constituents in the water and to make it safe for drinking by the people of Ngomeni and its surrounding.

The project is at the final phase of construction and is set for inauguration soon.

## Meetings and Co-ordinations

HHRD Africa In Kind Gifts Senior Program Officer Mr. Yunus Yussuf hosted Kitui Governor Hon. Charity Kaluki Ngilu and Dr. Nelson from Kitui County at our head office in Nairobi. They discussed key areas of partnership between HHRD Africa and Kitui County Government with keen interest on donation of Medical Equipment and Supplies to supplement healthcare system in the County.
